

A typical collage student who is planing to return to her native region through flight for her first time .

I thought it might be cheaper

They said that food is free in flights

Am I have to pay extra for my luggages

Experiencing new things is not bad

DAMN !  
These snacks in waiting lounge would cost a fortune :(

Would I get a discount for my first time

Dad used to say that experiencing new things would make you wise

But what would mom do if she came to know that I spent a fortune

BRINDA

A collage student

laughing like anything

Taking selfies

Trying to socialize

asking attenders so many questions

anxious

Getting chills!

excited

Feeling sadden about it won't last long

Does

What behavior have we observed?  
What can we imagine them doing?

 [See an example](#)

What are their fears, frustrations, and anxieties?  
What other feelings might influence their behavior?
